

EASY DETOX

This simple and effective 5 day program is ideal for people new to detoxification and cleansing, and it's a great starting point for many health goals.

There are many benefits of a Detox. After a few days your digestion will feel lighter, your head clearer and your energy on the way to full restoration.

Not everything can be rebalanced in 5 days, but the experience of the Detox will show you how easy it is to improve your overall wellbeing.

EASY DETOX is not synonymous with starvation, - our program is 100% natural detox developed together with Amrita and is based on two ancient principles.

First, do no harm and secondly, let food be your medicine and let medicine be your food.

The methodology applies medicinal Thai herbs and plants as ingredients for unique shake formulas, designed to promote toxins release in the body and at the same time to both nourish and protect the body from oxidative damage from released toxins.

The EASY DETOX program includes a comprehensive meal plan, where SALA offers two different Detox cuisines, both of

them are not only healthy, but also delicious – the difference being that one is stricter whereas the other is more abundant in proteins.

The program starts everyday at 7.30 AM with a group Yoga class for beginners, and includes a comprehensive Spa program, with both massage, body and facial treatments on a daily basis.

Throughout the process, you'll fill your body with vitamins, minerals, and nutrients whilst filling you head, you'll also be draining your body of excess body fat, accumulated toxins, and old fecal matter that's weighing you down
